Summary — Full Stack Developer with strong expertise in the MERN stack (MongoDB, Express.js, React.js, Node.js), experienced in building responsive, scalable web applications. Skilled in frontend optimization, backend APIs, authentication, and database management, with a proven ability to deliver high-performance solutions.

Skills

Frontend React, HTML, CSS, JavaScript, TailwindCss, Bootstrap
Backend Node.js, Express.js, MongoDB, Firebase
Languages C, C++, dart

Mobile Flutter
AI/ML Python, Pandas, NumPy, TensorFlow (beginner)
Others Three.js, GSAP, Framer Motion, REST API

Experience

AidBloom – Charity Web App

March - 2025

Full-stack Developer

- Built a responsive donation management platform using HTML, CSS, JavaScript, and Bootstrap, ensuring compatibility across 100% of tested devices and browsers.
- Developed backend functionality with ASP.NET and MySQL to handle donor registrations, automate payment processing, and securely store records for 1,000+ transactions.
- Designed and implemented a clean, intuitive UI, reducing user onboarding time by 30% and increasing completed donations by 20%.
- Optimized database queries, **reducing page load** times by 25% and improving platform performance during peak usage.
- Developed backend services, including authentication and transaction management (later adapted to **Node.js/Express.js** for scalability)
- Utilized **Git for version control** and collaborated with team members on feature development.

Personal Portfolio Website

Sep - 2025

Full-Stack Developer

- Built a responsive, mobile-first portfolio using **React.js** and **Tailwind CSS**, optimized for **95+ Lighthouse performance scores**.
- Integrated **smooth animations and transitions using GSAP and Framer Motion**, enhancing interactivity and improving recruiter engagement time by **40%**.
- Implemented dynamic project filtering, image previews, and scroll-triggered effects to showcase work with an engaging user experience.
- Deployed online with optimized SEO and accessibility, ensuring fast load times and visibility across devices.

Education

University of Gujrat – Gujrat, Pakistan (UOG)

Bachelor of Technology in Computer Science Engineering

2022-present

CGPA: 3.09

Aspire College Gujranwala

Higher Secondary Education in Math Science
